

DESCRIPTION

This heavy-duty acid replacement product has the performance of hydrofluoric and sulfuric acids, but is non-corrosive to skin, making it far safer to users. It is DOT non-regulated, and no EPCRA risk management plan filing is required. Contains no phosphorous.

As an aluminum cleaner and brightener, it has outstanding calcium, limescale and silicate-deposit removal properties. It quickly removes corrosion and oxidation, leaving surfaces bright and clean. It is ideal for use on aluminum trailer bodies, boats, building materials and most other exterior aluminum surfaces.

As a coil cleaner, it removes dust, dirt, grime, grease and oxidation from aluminum or copper coils as well as fins of cooling units and air conditioners. Use it regularly to clean coils for more efficient operation and lower power consumption.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep only in original container. Wash thoroughly after handling. Wear eye protection, protective clothing, protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **If eye irritation persists:** Get medical advice/attention. **If exposed or concerned:** Get medical advice/attention.

Absorb spillage to prevent material damage. Store locked up. Store in corrosive resistant container with a resistant inner liner.

*For industrial and commercial use only.
