

DESCRIPTION

This product is a powerful yet safe multi-functional cleaner that combines the high cleaning performance of an acid with the mildness of liquid dish soap. With a pH of 1, it has the cleaning power of an acid, yet it is safe to the touch. It is an ideal alternative to typical Non-Acid Bowl Cleaners.

The thick, clinging formula will coat the surface of bowls and and will effectively remove rust, mineral, uric acid and hard-water deposits. The gentle formula is safe for plumbing and septic systems.

Keep only in original container. Wear eye protection, protective clothing, protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor, a POISON CENTER.

Absorb spillage to prevent material damage. Store in corrosive resistant container with a resistant inner liner.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

*For industrial and commercial use only.
