

DESCRIPTION

These waterless cleaners cut through the toughest tar, grease, wax, ink, paint, lubricants, and adhesive. They are extremely versatile, and can be used for nearly any job, from cleaning tools, to wiping hands, to cleaning machinery and other surfaces.

These wipes are industrial strength, yet gentle on skin – fortified with an emollient, they won't crack or dry hands. The textured side of the fabric won't scratch surfaces and is ideal for scrubbing tough soils, while the smooth side wipes surfaces clean. The formula won't leave behind a residue, dries on its own, and leaves a pleasant citrus scent.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash. Do not flush wipes.
