

Alkaline "pH-Up" Adjustment

Product # 255

Raises pH without clouding water

This concentrated liquid additive raises the pH level of pool water to neutralize the excess acidity. Its highly soluble formula raises the pH level without clouding the pool or spa water, and is more convenient to apply than lime or soda ash.

Features and Benefits

- An easy-to use liquid.
- Neutralizes excess acidity in pools and spas.
- Combats the effects of acid rain.

Properties

Appearance.....	Colorless liquid
Fragrance.....	Mild odor
Ready-to-use.....	Yes
Specific gravity.....	1.48
pH.....	14.0
Solubility in water.....	Complete

Directions Complete directions on product label

Add 1-2 quarts directly to pool at point of strong agitation. Allow 15-20 minutes for thorough mixing before testing.

Ingredients

Sodium Hydroxide	
Water	
Potassium Hydroxide	

CAS Number

1310-73-2
7732-18-5
1310-58-3

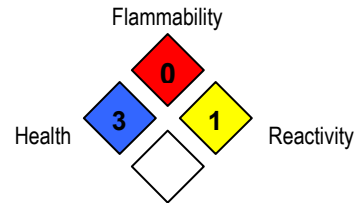

Safety

Danger: Toxic if swallowed. Harmful in contact with skin. Causes severe skin burns and eye damage. Keep out of reach of children.
