BANG! is a special blend of mild surfactants and organic salts that produces a cleaner as strong as mineral acid, yet is mild like hand soap. This non-fuming acid replacement product can be used for the toughest cleaning jobs and is much safer than hydrochloric and phosphoric acid based cleaners. Apply with sprayer or wipe on with cloth or sponge. Removes soap scum, lime deposits, grease, grime, rust, discoloration, mineral deposits such as calcium (hard water deposits) and other types of soils. Use on stainless steel, copper, brass, aluminum, concrete, ceramic tile, porcelain, stone, brick, fiberglass, grout.

For use in bathrooms, kitchens, restroom facilities in schools, industrial facilities, public venues, hotels, motels, sporting arenas. Use on toilets, urinals, tubs, showers, doors, sinks, hoods, and counter tops.
