PIERCE

Will loosen dirt and scale from corroded painted and plated surfaces. Remove scale and debris and spray again. Liberal application of PIERCE will loosen frozen and corroded nuts, bolts, flanges, hinges, pins, sliding and rotating parts, tightly fitted parts etc. Its "wicking" action crawls up threads for immediate penetration. It lubricates, displaces moisture, and protects electrical gear, metal surfaces, machinery and hundreds of other uses your imagination can find. It is a must for protecting various metals from atmospheric deposits and rust. Lubricates all metal to metal parts and places protective barrier on them. The conductivity of communicators and contacts is protected by this formula. Can be used on wet or dry surfaces and will readily displace the water. This product is the Ultimate for protection, moisture displacing, penetrating and lubricating.

**PIERCE IS A POWERFUL-MULTI-ACTION PROTECTIVE SHIELD AGAINST THE
HARMFUL EFFECTS OF MOISTURE & CORROSION!**
