

rattler
Coil Cleaner

RATTLER is an alkaline based coil cleaner, designed to penetrate coils and dissolve dirt and grime. Its non-foaming, professional grade formula tackles the tough tasks. No rinsing required.

READ ALL DIRECTIONS AND PRECAUTIONS
CAREFULLY BEFORE USING THIS PRODUCT

DIRECTIONS: Refer to Safety Data Sheet before using. Goggles, gloves and other protective clothing should be worn when using this product. Turn system off. Dilute 1 part RATTLER with 3 to 6 parts water. Add water to a low pressure tank sprayer, then add cleaner. Concentration of cleaning solution may be increased or decreased depending on job requirements. Spray directly on coil, thoroughly saturating the coil. Allow solution to remain for 5 minutes, then resume normal operations.

INSTRUCCIONES: Referirse a la Hoja de Seguridad antes de usar. Gafas de protección, guantes y otra ropa de protección debe ser usada cuando esté usando este producto. Apague el sistema. Diluya 1 parte RATTLER con 3 o 6 partes de agua. Agregue agua a un tanque de rociador de baja presión, después agregue el limpiador. La concentración de la solución del limpiador puede ser aumentada o disminuida dependiendo de los requerimientos del trabajo. Rocíe la solución directamente en el espiral, saturando bien el espiral. Permita solución para quedarse durante 5 minutos, entonces reasume operaciones normales.
