

BOCK SANITIZING RINSE

Product # 770

Iodine-based sanitizer

This sanitizing liquid is added to water in the rinse tank to eliminate streaks, spots and oily residues on glassware. It dissolves quickly, is odorless and tasteless and helps keep glassware clean and sanitized to help maintain the true flavor and aroma of beverages. It also features a brown color indicator to signal users when it's time to refresh the solution.

Use On:

- Glassware
- Utensils
- Dishes

Features and Benefits

- Liquid sanitizing rinse for third tanks does not leave streaks, spots, oily residue, odors or lingering taste on glassware.
- Brown color indicator fades when solution needs to be freshened.
